

**Cant Fall Down**  
**Natasha Bedingfield**

Capo 1st

**D**                      **F#m**                      **G**                      **A**  
I m at the point of almost breaking now  
I ve knocked on every door in this cold town, yeahhh...  
The higher you go, the harder you fall  
If I want to be safe, then I just stay small  
Want to grow to the sky where it s beautiful  
But I can t see that from the forest floor

**D**                      **F#m**                      **G**                      **A**  
How can I hold it together when nothing I try makes it better  
I just want to lay here forever, cause if i don t get up  
Then I can t fall down

There is no value for a broken heart  
I want to use it but it s all in parts ohhh...  
And the more you fall in, the harder to see  
That this time is different, though I want to believe  
And I don t know if I have it in me  
To love again in the face of defeat

How did I hold it together when nothing I tried made it better  
I just want to lay here forever, cause if i don t get up  
Then I can t fall down  
Yeah yeah yeah yeah ohhh  
And if I don t get love, it can t let me down

Ohhh ohhh ohhh.....  
Hope is irresistible...hope is irresistible  
Cause if I don t get up  
One day I will...SOMEHOW!!!

When nothing I try makes it better  
I just want to lay here forever, cause if i don t get up  
Then I can t fall down  
And if I don t get love, it can t let me down
