

Happy

Natasha Bedingfield

I think the tuning could be either standard no capo or standard with capo on 1.  
Either way, I m sure you ll sound absolutely wonderful! :D

---

**C# G# Ebm**

Oooooohhh.

**C# G# Ebm**  
Landlords Knocking at my door cussing me out

**C# G# Ebm**  
Got laid off my job the night before  
Canâ€™t figure how

**C# G#**  
Iâ€™m gonna fix tomorrow away

**Ebm**  
If todayâ€™s still a mess

**C# G#**  
Can u tell me whatâ€™s the point man,

**Ebm**  
It all seems meaningless

**C# G# Ebm**  
I wish that I could step away and breathe  
This worldâ€™s trying to swallow me

**C# G# Ebm**  
Clear away the clouds inside my head

[Chorus:]

**C#**  
Someone just tell me

**G# Ebm**  
That itâ€™s ok now

**C# G# Ebm**  
What are you worried about

**C# G# Ebm**  
Got my dreams, got my life, got my love  
Got my friends got the sunshine above

**C# G#**  
Why am I making this hard on myself

**Ebm**  
When thereâ€™s so many beautiful reasons I have to be happy?

**C# G# Ebm**

(Same chords through verse 2! Hooray!)  
People lie, people hide, people cry, people fight  
And they donâ€™t know why
