

Lay Down

Natasha Bedingfield

Cm

Speechless, but the answers in my mouth

Cm

Breathless, the emotions seeping out

Cm

Beyond my control

Cm

You spoke to my silence, Why so cold?

Gm

You ask for peace, I give you war

Gm

While you let go, I hold too tightly

Gm

I take my aim, you hit the floor,

Gm Cm

I m not ready to, lay down my arms

Cm

Cracking, my defences breaking down

Cm

The unravelling, of a rope I put around me

Cm

You won t take no for an answer

Gm

You ask for peace, I give you war

Gm

While you let go, I hold too tightly

Gm

I take my aim, you hit the floor

Gm Cm

I m not ready to, lay down my arms

Cm

I didn t know I was missing out, til you lost and I, I won

Cm

You made me realise my incompleteness alone

Cm

Can no longer live by candlelight

Cm Gm

When you show me the sun, ohh

Gm

You ask for peace, I give you war

Gm

While you let go, I hold too tightly

Gm

I take my aim, you hit the floor,

Gm

Cm

I m not ready to, lay down my arms
