**Ebm**

We re playing out of different roles  
We should be wanting the same goals

**Abm Ebm**

Listening, forgiving

**Db Cb**

Oh, why can t we communicate

**Ab Gb Bb E**

When the main feature is just beginning

**Eb Db/Eb Ab/Eb**

**Cb/Eb**

You re just an actor

**Eb Bbm7**

So break into my story

**Ab**

**Cb Db**

Paint me with colour

(the rest of the song pretty much goes the same as far as chords go)

Everybody s speaking, but you don t know what they re saying

You re just guessing meanings

Interpreting emotion through a window that is broken

We re just testing feelings

Oh, why can t we communicate

When the main feature is just beginning

In the silent movie there s no talking

You re just an actor

So break into my story

Take it over

Paint me with colour

Step into the movie, you can be my leading man  
Break into the silence, so your heart can understand  
Step into the movie, we could walk along the sand  
Let me stand beside you, put your life into my hand

Don t you know you love me, like you never loved yourself  
Don t you know you love me, like you never loved yourself  
Don t you know you love me, like you never loved yourself  
Don t you know you love me, like you never loved yourself

In the silent movie there s no talking  
You re just an actor  
So break into my story  
Take it over  
Paint me with colour

In the silent movie there s no talking  
You re just an actor  
So break into my story  
Take it over  
Paint me with colour
