

Wild Horses

Natasha Bedingfield

**Am7**                      **F**                                      **C**

I feel these four walls closing in

**G**

My face up against the glass

Im looking out... hmm

**Am7**                      **F**                                      **C**

Is this my life im wondering

**G**

It happened so fast

**Am7**

How do I turn this thing around

**F**

**C**

Is this the bed I chose to make

**G**

**Am7**

Its greener pastures i m thinking about hmm

**F**

**C**

Wide open spaces far away

**Dm7**                                      **Am7**

All I want is the wind in my hair

**C**

**G**

To face the fear but, not feel scared

[Refrão:]

**Am7**                      **F**                      **C**                      **G**

wild horses I want to be like you

**Am7**

**F**

Throwing caution to the wind

**C**

**G**

I ll run free too

**Am7**                      **F**                                      **C**                                      **G**

Wish I could recklessly love, like im longing too

**Am7** **F** **C** **G**  
I Wanna run with the wild horses, run with the wild horses!

Ohh yeaaa yea

**Am7** **F** **C** **G**

**Am7** **F** **C**  
I see the girl I wanna be

**G**  
Riding bare back, care free along the shore

**Am7** **F** **C**  
If only that someone was me

**G**  
Jumpin head first headlong without a thought

**Am7** **F**  
To act and damn the consequence

**C** **G**  
I wish it could be that easy

**Am7** **F** **C**  
But fear surrounds me like a fence

**G**  
I wanna break freeee ee yeah ohh

**Dm7** **Am7**  
All I want is the wind in my hair

**C** **G**  
To face the fear but, not feel scared
