VERSE 1:
**C#**
How can they do this to me?
**G#**
After all I ve done for them,
**Am#**
How can they say those things?
**F#**
When they said that we were friends,
**C#**
God I don t understand,
**G#**
Why people do the things they do,
**Am#**
Sometimes the words they say,
**F#**
Can be so cruel,

CHORUS:
**C#**              **Dm#**
It s not fair, itâ€™s not right,
**Am#**          **F#**
Jesus I keep asking why,
**Am#**          **G#**              **F#**
Do people do the things that hurt?
**C#**              **Dm#**
It s so hard, God it s so hard,
**Am#**              **F#**
To return with open arms,
**Am#**          **G#**                  **F#**
And say those three little words,
        **C# C# G# C# C C# Am#**  X2 END ON **C#**
I forgive you

VERSE 2:
**C#**
How can they do these things?
**G#**
And think they are okay,

**Am#**
Are they not listening?
**F#**
To what you re trying to say,
**C#**
Jesus I can t take This
**G#**
All of these lies,
**Am#**
They are such hypocrites,
**F#**
And I refuse to close my eyes,

CHORUS:
**C#**                    **Dm#**
It s not fair, itâ€™s not right,
**Am#**              **F#**
Jesus I keep asking why,
**Am#**            **G#**              **F#**
Do people do the things that hurt?
**C#**                    **Dm#**
It s so hard, God it s so hard,
**Am#**            **F#**
To return with open arms,
**Am#**          **G#**                    **F#**
And say those three little words,

BRIDGE:
**Dm#**                              **C#**
But I ve made so many mistakes,
                              **G#**
And I ve caused a lot of pain,
                    **F#    G#**
And still you forgave,
**Dm#**                            **C#**
Life s too short for all of this,
                **G#**
Little insignificance,
                    **F#    G#**          **C#   G#   Am#   F#**   X2
Itâ€™s time to forgive

CHORUS 2:
**C#**                  **Dm#**
It s not fair, It s not right,
**Am#**                          **F#**
But now I finally realize,
**Am#**              **G#**                          **F#**
that showing grace far outweighs the hurt,
**C#**                  **Dm#**
It s so hard, God it s so hard,

**Am#**                    **F#**
To return with open arms,

**Am#**                    **G#**                        **F#**
But in your strength I can say those words,
          **C# C# G# C# C C# Am#**   X2 END ON **C#**
I forgive you
