Verse: **E G# A** â€™ 3x **E G A**

Take down your en-e-my â€™ Heâ€™s closer than you think
Battles are fought when you find (thereâ€™s no common ground)
Real-ize your ig-nor-ance â€™ itâ€™s bigger than you think
Know thyself, know who you fight (the war has just begun)

CHORUS: **D E** 5x **G# A** **D E** (5x) **D A**

Vanquish your fears
The time has come to learn to live again
Vanquish your doubts
Satisfy your questions or be a slave to unknowing
Vanquish your years
Live as though you know that tomorrowâ€™s never coming
Vanquish your-self
Before you can be, you must incinerate your bias

INTERLUDE â€™ **E F E E E F E E F E D E F E D E F**

VERSE (SAME AS VERSE 01)

Si-lence insinuates â€™ you have all the answers
Donâ€™t be afraid to engage (a different point of view)
Pin-ning procrastinates â€™ the verb that defines you
Make peace with that which destroys (forgiveness starts with you)

CHORUS

Vanquish your fears
The time has come to learn to live again
Vanquish your doubts
Satisfy your questions or be a slave to unknowing

Vanquish your years
Live as though you know that tomorrow's never coming
Vanquish your-self
Before you can be, you must incinerate your bias

BRIGDE: **E D B A**

Learn from the ambivalent regrets make up their past
Every moment every word tells the story of your worth
Fight yourself when you've had enough, when had enough of this life
Ask yourself if you've made enough, if you've made enough of this live
