

**Put Your Arms Around Me**  
**Natural**

Put Your Arms Around Me                      Natural

**Bm G D A**

**Bm    G E                      A**

How am I supposed to wait when the nights last forever

**Bm    G                      E A**

When am I supposed to stop missing you when I know I ll never

**G                      D**

Time s moving slowly I m standing still

**G    A**

Come back and say that you will

**Bm                      G**

Put your arms around me You re the one and only

**D                      A**

I ll be here if you let your heart show the way

**Bm                      G**

Always be beside me Put your arms around me

**D    A**

I ll be here when the dawn meets the day

**Bm                      G                      E                      A**

You tell me not to count the days and I don t, I m down to hours

**Bm                      G**

No matter what you tell me over the phone

**D                      A**

I want to see it in your eyes, in your eyes

**G    D**

Can t put my arms around a photograph

**G                      A**

Love from a distance don t last

**Bm                      G**

Put your arms around me You re the one and only

**D                      A**

I ll be here if you let your heart show the way

**Bm                      G**

Always be beside me Put your arms around me

**D    A**

I ll be here when the dawn meets the day

**G    D    G    A**

Only you can revive me And save me from a broken heart

**Bb                      F                      E                      A**

I want to have you beside me Together make a brand new start

**Bm                      G**

Put your arms around me You re the one and only

**D                      A**

I ll be here if you let your heart show the way

**Bm                      G**

Always be beside me Put your arms around me

**D      A**

I ll be here when the dawn meets the day

**Bm          G**

Put your arms around me You re the one and only

**D              A**

I ll be here if you let your heart show the way

**Bm          G**

Always be beside me Put your arms around me

**D      A**

I ll be here when the dawn meets the day
