All The Kings Horses
Nazareth

```
 Intro 4x:  D   C   G

     D
   I know you
        C         G       F  G        D
   You always rode so tall in the saddle

   You are the answer
        C            G       F  G         D      C G
   But I know that you are only causin  trouble
  D                   C          G      F   G
   Take all you want, leave me the rest behind
           D
   You re a user
                             C         G           F   G
   A winnin  no new friends, just make one small step
           D
   You re a user

    A                      G  A
   You never came to anyone s call
                            G   A
   Spent all your life head on the wall
                                       G    D
   While you re up there, there s only one way to fall

   C                D         F  C          G
    All the king s horses and all the king s men
        F              C        D   C G D C G
   Will never put you together again

          D
   You still got your chances
        C          G       F  G       D
   The one thing the whole world loves is a winner

   You can t walk on water
        C          G        F  G          D
   With your heat the ice you re on is gettin  thinner

   A                    G  A
   You used to be so wise
                            G    A
   But you are fooled by your own lies
                            G   D
   And I see right through your disguise
```

```
      C                     D         F   C           G
    All the king s horses and all the king s men
           F            C         D    C G D C G
    Will never put you together again

Solo:  D   C   G   F   C   D  (2x)
       A   G   A   G   A   G   D

     C                     D         F   C           G
    All the king s horses and all the king s men
             F              C           D
    Will never put you together again

   C                     D         F   C           G
    All the king s horses and all the king s men
             F              C           D
    Will never put you together again ?
