

Lonely Again  
Ne-Yo

Em C G D

Em

i became her lover ,she became my lover

C

had her heart broke, i was helping her recover

G

i became the man she knew she could rely on

D

somebody to listen, a shoulder to cry on

Em

she was getting better, better she was gettin

C

the more time spent, the more she was forgetting

G

but then back around to see he started coming (?)

D

and she s on the low, taking phone calls from him (?)

Em

i thought that we were building something strong

C

G

he apologizes and now you re gone

D

and i wont put up with this

Em C

you wanna go go, just hope you know

G D

baby you re gonna be, lonely lonely again (oohw)

lonely lonely

Em C

come on go go, just hope you know,

G D

baby you re gonna be, lonely lonely again

lonely, lonely again

Em

dont call me when you re lonely again

C

when you re lonely again

G D

lonely again (oohw)

**Em**

sugar dont call me when you re lonely again

**C**

when you re lonely again

**G D**

lonely again (oohw)

**Em**

and i cant believe it, no really cant believe it

**C**

never in a million years, i couldnt see it

**G**

i pulled her from the flames, so she dont expire (?)

**D**

she turn around and jumped right back in the fire

**Em**

what are you doing how could you do it

**C**

back to the flames, baby thats just stupid

**G**

had me feeling bad for you, so foolish (whatever)

**D**

now you deserve what you get (whoow)

**Em**

i thought that we were building something strong

**C**

**G**

he apologizes and now you re gone

**D**

and i wont put up with this

**Em C**

you wanna go go, just hope you know

**G D**

baby you re gonna be, lonely lonely again (oohw)

lonely lonely

**Em C**

come on go go, just hope you know,

**G**

baby you re gonna be, lonely lonely again

**D**

lonely, lonely again

**Em**

dont call me when you re lonely again

**C**

when you re lonely again

**G D**

lonely again (oohw)

**Em**

sugar dont call me when you re lonely again

**C**

when you re lonely again

**G D**

lonely again (oohw)
