

Hurricane

NEEDTOBREATHE

Title: Hurricane

Artist: Needtobreathe

This is a great song off of Needtobreathe's new album. This is the rhythm guitar chords with the lyrics. I think the band plays most of it power chords. Enjoy the music.

Standard Tuning

Intro **Am** **C** (x2)

Verse

Am

In the fallout now

C

It's hard to feel like we can turn around

Am

With the damage done

C

It's hard to see how far we've come

We could not be proud

Of where our feet have walked along the ground

In the silence now

We play it back and forwards again

PreChorus

Am

C

There's a sound in our guiltiness

F

G

It's a warning bell that rings

Am

C

It's a call for our loneliness

F

G

And we can't see

Chorus

Am

C

F

C

We roll the dice we play like fools

Am

C

F

C

We plead with time to change the rules

Am

C

F

It's like a hurricane is coming our way

Am

C

F

G

We've all been warned but we still chose to stay

Am C F C
Ooo Ooo Ooo Ooo Ooo Ooo
Am C F C
I can t believe it now the time has come
Am C F C
Ooo Ooo Ooo Ooo Ooo Ooo
Am C F C
I can t believe it now the time has come

Verse
Play the victim here
You know it s nothing but your pride and fear
But the more you hurt
The more you love the one you were

PreChorus

Chorus

Instrumental (Power Chords)
G A G A F C F C

Bridge
Am
In the light of the mourning
C
Can we change what we felt and heard
Am
Can we turn it into the glory
C
Break the paths of our fathers before us
Am
Though we stand on the outside
C
We will find what we once believed
Am
And will crawl our way to the clear skies
C
Standing up we are
C
Standing up we are
A C F C (x2)

Chorus
