

Hurricane

NEEDTOBREATHE

Title: Hurricane

Artist: Needtobreathe

This is a great song off of Needtobreathe's new album. This is the rhythm guitar chords with the lyrics. I think the band plays most of it power chords. Enjoy the music.

Standard Tuning

Intro **G#m** **B** (x2)

Verse

G#m

In the fallout now

B

It's hard to feel like we can turn around

G#m

With the damage done

B

It's hard to see how far we've come

We could not be proud

Of where our feet have walked along the ground

In the silence now

We play it back and forwards again

PreChorus

G#m

B

There's a sound in our guiltiness

E

F#

It's a warning bell that rings

G#m

B

It's a call for our loneliness

E

F#

And we can't see

Chorus

G#m

B

E

B

We roll the dice we play like fools

G#m

B

E

B

We plead with time to change the rules

G#m

B

E

It's like a hurricane is coming our way

G#m

B

E

F#

We've all been warned but we still chose to stay

G#m B E B
Ooo Ooo Ooo Ooo Ooo Ooo
G#m B E B
I can t believe it now the time has come
G#m B E B
Ooo Ooo Ooo Ooo Ooo Ooo
G#m B E B
I can t believe it now the time has come

Verse
Play the victim here
You know it s nothing but your pride and fear
But the more you hurt
The more you love the one you were

PreChorus

Chorus

Instrumental (Power Chords)
F# G# F# G# E B E B

Bridge
G#m
In the light of the mourning
B
Can we change what we felt and heard
G#m
Can we turn it into the glory
B
Break the paths of our fathers before us
G#m
Though we stand on the outside
B
We will find what we once believed
G#m
And will crawl our way to the clear skies
B
Standing up we are
B
Standing up we are
G# B E B (x2)

Chorus
