Verse 1

A **D** **F#m** **E**

Just before you called I thought we were doing fine But I was wrong

A **D** **F#m**

Your voice came down the line Forced me to the thought of life

E

If you were gone

Pre-Chorus

A

Weâ€™re just tired of talking to the busy sounds

A

The hardest heart still breaks when it goes without

F#m

E

Weâ€™re all the ghosts of who we used to be

D

We might know, if we could see

Chorus:

A **D** **F#m** **E**

Donâ€™t look now â€™cause I canâ€™t escape I get so restless

A **D** **F#m** **E**

We wonâ€™t know until itâ€™s too late But Iâ€™ll have years to think of

A **Bm** **D\C#** **D**

The way Iâ€™d do the things I did Just to chase the pain away

A **D** **F#m** **E**

Weâ€™re here now and I can change But Iâ€™m still restless

Interlude

A D A D

Verse 2

A **D** **F#m** **E**

Push, the urge away To wake up feeling just the same as yesterday

A **D** **F#m** **E**

Time, it heals the pain But painful is the angry heart when time remains

Pre-Chorus 2

A

Weâ€™re just tired of walking through the faceless crowd

A

We keep our lonely eyes locked on the ground

F#m

E

And if my legs could run me into you

D

Then we might know, we might know

Chorus x2

Interlude:

A D A D
