NeedtoBreathe ~ Return
down a half step

C **F** **Am** **G**
It's hard enough to know That something's made us not the same
C **F** **Am** **G**
Did I give all I could give Or spend all I could spend in vain
C **F** **Am** **G**
We were holding on the line Waiting for the sun to rise
C **F** **Am** **G**
But we could not believe The sunlight never crossed our eyes
Am **G/B** **C** **Dm** **F** **Fadd9**
I'm giving you my heart to break again
Am **G/B** **C** **Dm** **F** **Fmaj7**
Oh I'm leaving you a way to get back in

C **F** **Am** **G**

Am **G** **C** **F** **C** **G**
Every heart goes down and every fire goes out When we don't hurt anymore
Am **G** **C** **F**
I know it's all my fault that you're behind this wall
C **G**

But Iâ€™ll be here when you break it.

F **Fmaj7**

When you let it down.
