

The Heat

NEEDTOBREATHE

Verse

Am **F/C**
The hurryâ€™s gonna bring you to your knees I know this much is true
Am **F** **C**
Your eyes are gonna rob you of your thunder Show you everything but you
Am **F/C**
Weâ€™re caught when our hands are off the wheel And our foot is on the gas
Am **F** **C**
Like a moth to a flame, the fire moves us Weâ€™re just waiting on the crash
F **C** **G**
You know we will

Chorus

C
Let the drumbeats wash you over
G
Let the songs come and take you under
Am **F**
Push the life that brought you here away from you tonight
C
Thereâ€™s a place where the pain canâ€™t touch ya
G
And thereâ€™s a fire where the heat wonâ€™t burn ya
Am **F**
Itâ€™s in the sound of your voice tonight singing in one song

Verse 2

Am **F/C**
You can hear it in the trail behind your voice Thereâ€™s a multitude who claim
Am **F** **C**
Theyâ€™ve been through the fire of fallen angels And theyâ€™ll never be the same
Am **F/C**
We live with the weight of what weâ€™ve done The cracks that we slip through
Am **F** **C**
No time to forget about our future Just the things that we wonâ€™t do
F **C** **G**
But you know you canâ€™t
