The Heat
NEEDTOBREATHE

Verse
Bbm   **F#/C**
The hurryâ€™s gonna bring you to your knees I know this much is true
Bbm   **F#**   **C#**
Your eyes are gonna rob you of your thunder Show you everything but you
Bbm   **F#/C**
Weâ€™re caught when are hands are off the wheel And our foot is on the gas
Bbm   **F#**   **C#**
Like a moth to a flame, the fire moves us Weâ€™re just waiting on the crash
F#   **C#**   **G#**
You know we will

Chorus
C#
Let the drumbeats wash you over
G#
Let the songs come and take you under
Bbm   **F#**
Push the life that brought you here away from you tonight
C#
Thereâ€™s a place where the pain canâ€™t touch ya
G#
And thereâ€™s a fire where the heat wonâ€™t burn ya
Bbm   **F#**
Itâ€™s in the sound of your voice tonight singing in one song

Verse 2
Bbm   **F#/C**
You can hear it in the trail behind your voice Thereâ€™s a multitude who claim
Bbm   **F#**   **C#**
Theyâ€™ve been through the fire of fallen angels And theyâ€™ll never be the same
Bbm   **F#/C**
We live with the weight of what weâ€™ve done The cracks that we slip through
Bbm   **F#**   **C#**
No time to forget about our future Just the things that we wonâ€™t do
F#   **C#**   **G#**
But you know you canâ€™t
