NEEDTOBREATHE

Needtobreathe - Tyrant kings

Watch the Rock Boat Video on Youtube for the acoustic timing. This is a great song, took me a while to figure out the lyrics hope you enjoy.

G **A** **D**
Shadows of greatness is the story of a small town
G **A** **D**
We wore the colors of our favorite little let down
G **A** **D**
The lies we told were never much but who could keep track
G **A** **D**
Enough that we all left the fire and never looked back
A **G**
Tyrant kings we had everything

D
Still I m feeling like a vagrant
G
In my own town I m like an awkward conversation
Bm **A** **G**
Oh all this work and I ain t seeing any wages
D **A** **G**
I ain t gonna stop until I do.....oh oh oh oohhhhh
D **A** **G**

G **A** **D**
More time then not the ones you love are who you let down
G **A** **D**
Were chasing something big our parents never tracked down
G **A** **D**
The hardest part is looking back and making sense of
G **A** **D**
The humbled tries and troubled times and where they came from
A **G**
Tyrant kings we had everything

D
Still I m feeling like a vagrant
G
In my own town I m like an awkward conversation
Bm **A** **G**
Oh all this work and I ain t seeing any wages
D **A** **G**
I ain t gonna stop until I do.....oh oh oh oohhhhh
D **A** **G**
