## Tyrant Kings NEEDTOBREATHE

Needtobreathe - Tyrant kings

Watch the Rock Boat Video on Youtube for the acoustic timing. This is a great song, took me a while to figure out the lyrics hope you enjoy.

G Shadows of greatness is the story of a small town We wore the colors of our favorite little let down The lies we told were never much but who could keep track Enough that we all left the fire and never looked back Tyrant kings we had everything Still I m feeling like a vagrant In my own town I m like an awkward conversation G Oh all this work and I ain t seeing any wages I ain t gonna stop until I do....oh oh oh oohhhhh More time then not the ones you love are who you let down Were chasing something big our parents never tracked down The hardest part is looking back and making sense of The humbled tries and troubled times and where they came from Tyrant kings we had everything Still I m feeling like a vagrant In my own town I m like an awkward conversation Oh all this work and I ain t seeing any wages G I ain t gonna stop until I do....oh oh oh oohhhhh D Α G

```
D
Yea I m feeling like a vagrant
Lost in a world where no one thinks that we can make it
                                                           G
Don t you know time is like a fortune when you take it
Baby let me spend my time with you....oh oh oh oohhhhh
D A G X 4
Tyrant kings we had everything
Still we run to you
We were like tyrant kings we had everything
Still we run to you
Still I m feeling like a vagrant
In my own town I m like an awkward conversation
Oh all this work and I ain t seeing any wages
I ain t gonna stop until I do.....oh oh oh ohhhhh
             Α
Shadows of greatness that is the story of a small town
We wore the colors of our favorite little letdown
```
