

## Walking On Water

### NEEDTOBREATHE

**Am**                    **C**                    **Am**                    **C**  
The wind is strong, the water is deep  
**Am**                    **C**                    **G**                    **F**  
My heart is heavy and my mind won't sleep  
**Am**                    **C**                    **Am**                    **C**  
Oh can you heal, my fear it breathes  
**Am**                    **C**                    **G**                    **F**  
I need to know if You're the shadow I can see

**Am**                    **G**                    **C**                    **G**  
I wanna run to You when the waves break through  
                  **Am** **G**                    **C**                    **G**  
I wanna run to You and not turn back

**C**  
There's no turning back  
Nothing in the past  
                                  **G**  
My eyes on You again  
                                  **C**  
Can't see nothing at all  
But Your outstretched arms  
                                  **G**  
Help me believe it  
                                  **Am**  
Though I falter  
                                  **G**  
You got me walking on water

**Am**                    **C**                    **Am**                    **C**  
The ocean's singing, the song of grace  
**Am**                    **C**                    **G**                    **F**  
But if I'm honest with myself, I am still afraid

**Am**                    **G**                    **C**                    **G**  
I wanna run to You when the waves break through  
                  **Am** **G**                    **C**                    **G**  
I wanna run to You and not turn back

**C**  
There's no turning back  
Nothing in the past  
                                  **G**  
My eyes on You again  
                                  **C**  
Can't see nothing at all  
But Your outstretched arms

**G**

Help me believe it

**Am**

Though I falter

**G**

You got me walking on water

**Am**

**C**

I was sinking like a stone again

**Am**

**F**

**C**

I was halfway in the grave and then

**Am**

**F**

**C**

I looked up and saw Your face again

**G**

You pulled me out of the water, water, water

**C**

There s no turning back

Nothing in the past

**G**

My eyes on You again

**C**

Can t see nothing at all

But Your outstretched arms

**G**

Help me believe it

**Am**

Though I falter

**G**

You got me walking on water

**Am**

Though I falter

**C**

**G**

You got me walking on water, water, water, water
