

Sinners Night Misty Morning
Negative

Hi! A few words if I may: 99% sure this tab is right. Larry Love an Sir Christus have their guitars in half step down tuning but I tabbed this song for normal tuning. Hope You The solo Part might have a few mistakes but I m pretty sure I got it right.

Main Riff (C# Em F#m A B C#) can played like this:

```
e -----|
B -----5-----|
G --6--4-6-4-6-4-6-|
D --6--4-6---6-4-6-|
A --4-----|
E -----|
```

If you play the song with one guitar let the E string ring over the riff during the and main riff. I mean like this:

```
e -----|
B -----5-----5-----|
G --6--4-6-4-6-4-6---6-4-6-4-6-4-6-|
D --6--4-6---6-4-6---6-4-6---6-4-6-|
A --4-----|
E -----0(let ring)-----|
```

And then basic power chords

```
e -----|
B -----|
G -----444--6-----|
D -44--77--444--6-----|
A -44--77--222--4-----|
E -22--55-----|
```
