

If I Dont See You Again

Neil Diamond

IF I DON'€™T SEE YOU AGAIN â€" Neil Diamond

This is the first time I ve ever been able to figure out a song on my own and actually post it. Yes I know it s a simple song, but this is really exciting for me. Let me know if it s any good.

D D

If I don'€™t see you again
It was a hell of a ride

G

Don'€™t need to say lets be friends
Don'€™t need to promise you'€™ll write

A

We rode that train through the night
And never cared where it went

D

If I don'€™t see you again

D

If I don'€™t see you again
We ran a whole other race

G

Two strangers meet on the road
And find their time and their place

A

We never once had to lie
We'€™d passed the age of consent

D

If I don'€™t see you again

D

I know its crazy out there

G

I hated sleeping around

D

I went out looking for love

A

And never liked what I found

D

Don'€™t pay to make it alone

G

God knows it'€™s lonely out there

D

I made it once on my own

A

And hardly anyone cared

D

If I donâ€™t see you again

D

Who you gonna run to baby

Who you gonna hide behind

G

When the nights get suddenly cold

A

Whoâ€™s gonna hold you whoâ€™s gonna know

Who will you go to?

D

Who you gonna call if it ainâ€™t me

When your feeling lost and thereâ€™s nobody out there

G

Looking for you

What will you do?

A

Where will you go?

D

If I donâ€™t see you again

D

If I donâ€™t see you again

You made it happen somehow

G

I think I gave up on life

But I feel better right now

A

Something you said turned me round

Donâ€™t even know what you meant

D

If I donâ€™t see you again

D

And at the end of the day

G

I hated sleeping alone

D

Thereâ€™s nothing worse when youâ€™re lost

A

And you donâ€™t wanna go home

D

Its gonna work out some way

G

I just donâ€™t wanna be found

D

Iâ€™m waiting here round the bend

A

And Iâ€™ll be hanging around

D

If I donâ€™t see you again

D

Who am I kidding Iâ€™m going nowhere

I canâ€™t even get through an hour

G

Without you should be ashamed

A

Just wanna hear you calling my name

D

Two of us missed connections

Guess we must have somehow

Missed something more

G

Cos weâ€™re here alone

A

I know weâ€™re together but too far apart

D

To know how to get back home

D

Its time for saying goodbye

G

Cos if I stay for too long

D

Youâ€™d get to know me too well

A

And find that something was wrong

D

The time is perfect to go

G

Before the curtain descends

D

Right now when both of us know

A

That everythingâ€™s got to end

D

If I donâ€™t see you again

D

Whatâ€™s it gonna come too baby

Who you gonna hide behind

G

When the nights get filled up with doom

Looking to run

A

You run out of room

D

And will you be the one to save me
Doesn't look like the future is clearing

G

Need you to hear me playing a tune

A

When nobody hears me

D

I end up playing to the moon

D

Its time for saying goodbye

G

Cos if I stay for too long

D

You'd get to know me too well

A

And find that something was wrong

D

The time is perfect to go

G

Before the curtain descends

D

Right now when both of us know

A

That everything's got to end

D

If I don't see you again

D

If I don't see you again

Somehow we both made it through

G

I would have gave up on life

Before I gave up on you

A

You went and turned me around

Could be was something you said

G

I couldn't make out the sound

A

I didn't care what it meant

D

G

If I don't see you again

D

G

If I don't see you again

D

If I don't see you again
