

Im On To You
Neil Diamond

Song: I m On To You
Album: 12 Songs
Artist: Neil Diamond

Yo

Song from Neil s twelve songs album, absolutely astounding song from an absolutely astounding album, if you like Neil, pick it up, if you don t like Neil, well, you don t like music, so what are you doing here?
P.S. Sorry if the chord names don t match up with the words, I tried to get them

to do so, but the way the tab submits screwed it all up and moved the letter around so this was the best I could do.

Intro-dealie, if you want to try and play it like on the record, if you were wondering
