(intro)
C Am Em F C (2X)
C Am Em F G G
   C
You're drinking on your own,
You're running for the coast,
you're running from those ghosts,
   Am Em
Running away girl,
Am Em G
One line to your bus
I'll see you to the stars
And now you've got the chance
you might as well just dance
Am Em
          Am
                 Em G G
Gold skies and frozen wings and poetry and things
I think you're doing fine
       Em
Don't offer me a line
    F
I only want a cup of tea
Am Em
           Am Em G G
Goldman just won the tie I really can't stay long
I love the way you're shaped,
        Αm
            Εm
But you've lost a little weight,
Yeah you've lost a little weight
Am Em
I'll see you tomorrow
     Em G G
Same time, same place
Mother's little helper
Am Em
is running for her shelter
```

Same time same place

Same time same place

Am Em G

Same time same place
