

**Spin The Bottle**  
**Neil Halstead**

Neil plays this with Capo on 3rd on the album, but some videos online show it on the 2nd. Use whatever fits your range.

Pick the bass note as playing (listen to song to get a better idea)

Intro is basically G where he hammers down every so often on the B string - 1st fret.

**C** **G**  
No I never said enough

**Em** **Am**  
Its hard to talk when you re always

**G** **C**  
acting tough

**Am** **D7**  
Something in your eyes

**Am** **D7**  
and you don t need someone to tell you

**G** **C**  
Life gets rough

**Em** **Am**  
Boy you made a movie

**G** **C**  
Owed it all to luck

**Am** **D7**  
Nothing left to chance

**Am** **D7**  
you won t be disappointed

**G** **C** **Em** **Am** **D7**  
Anymore

**G** **C**  
You don t really want to know

**Em** **Am**  
Keep the shadows shadows and they ll

follow you

Spin the bottle baby and lets

see whats new

Simplify the math, add but don t subtract

And in my word for you

Try to be the person that you

want me too

Nothing left to chance

you won't be disappointed

Anymore

Nothing left to chance

you won't be disappointed

Any more

Lalalalalalalalalalalalalalalalalal

You don't really want to know

Keep the shadows shadows and they ll

follow you

Spin the bottle baby and lets

G C  
see whats new

END
