The following song is already to be found in the archives, but IMO some of the chords are wrong, so I corrected them.
In line 3, Neil plays Am, but you should try D instead. It sounds good, too.

Enjoy!

Neil Young - Box Car (1988) unreleased

F#m

I m just a passenger

on this old freight train

Bm **F#m**
I ride a box car through the night

A
I doesn t matter where I might get off

Bm **G** **F#m**
It doesn t matter where I lay

I ve been to cities
I ve been to countries
I ve left a love in many towns
I don t care if I ever get back to
where I ve already been around

I m like an Eagle
I like to fly high
I m like the snake I like to lay low
I m like the black man I m like the white man
Maybe the red man I don t know

I m just a passenger
on this old freight train
I ride a box car through the night
I doesn t matter where I might get off
It doesn matter where I lay
