[Verse 1]
```
      C           F       C
Young pegi just died today
      C           F       C
Young pegi just died today
       F                            C       Am
And i guess Nobody even knows the case
         G              F
But the way the story goes
       E                    Dm
She just ran out of clothes
   C            F
No will this world
            C
Just for the peg down
    F            C
Last words, can t talk
   F            C
And then she wrote
```

```
         C         F     C
Some people can t stand no rain
         C         F     C
Some people can t stand no rain
           F                         C     Am
When it s cloudy outside You can t see the sun
        G               F
But on a bright and sunny day
    E                 Dm
The people all go away
 C           F
Except one
             C
Oh no don t pity me babe
   F          C
I know i m alright
   F            C
O yeah, i m alright
```

[Verse 2]
```
        C           F       C
Don t see no tears around me
        C           F       C
Don t see no tears around me
                    F                           C           Am
I don t take too much stock In the things people say
          G               F
I m not saying that they re wrong
    E                   Dm
They ve just Been standing around too long
  C       F
Gone bad
            C
Oh no don t pity me babe
    F           C
I know i m alright
    F           C
O yeah, i m alright
```

[Verse 3]
```
        C           F       C
Can t ride my broom no more
          C           F       C
Can t ride my broom no more
                F                           C           Am
Because the landlady s taken To sweeping the floor
          G               F
I guess i ll go back to my place
        E                   Dm
And occupy a little space
  C       F
John doe
            C
Oh no don t pity me babe
    F           C
I know i m alright
    F           C
O yeah, i m alright
```

[Verse 4]
```
                C           F       C
The streets are crammed, can t walk
          C           F       C
Might find somebody and talk
      F                       C           Am
I can t find nobody who Say boo, guess who
      G                       F
Because that street Is paved with aires
        E                   Dm
And everybody is putting on theirs
    C               F
Can t breathe
```

```
              C
Oh no don t pity me babe
    F           C
I know i m alright
    F              C
O yeah, i m alright

[Verse 5]
         C          F      C
He s standing outside my door
            C          F      C
He s standing outside my door
                        F                      C              Am
But he won t ring the bell And he s just to scared to knock
       G                     F
And he s puzzled And he s young
          E                 Dm
And he s doing what s Already been done
    C       F
One more

[Outro]
             C
Oh no don t pity me babe
    F           C
I know i m alright
    F              C
O yeah, i m alright
             C
Oh no don t pity me babe
    F           C
I know i m alright
    F              C
O yeah, i m alright
```
