EXPECTING TO FLY

A **Em** **D**
There you stood on the edge of your feather,

E
expecting to fly.

A **Em**
While I laughed, I wondered whether

D **E** **A**
I could wave goodbye,

D **G**
Knowin that you d gone.

Am7 **D7**
By the summer it was healing,

G **C**
we had said goodbye.

Am7 **D7**
All the years we d spent with feeling

G **C**
ended with a cry,

Cmaj7 **C**
Babe, ended with a cry,

Cmaj7 **Gmaj7** **A**
Babe, ended with a cry.

I tried so hard to stand
as I stumbled and fell to the ground.
So hard to laugh as I fumbled
and reached for the love I found,
knowin it was gone.
If I never lived without you,
now you know I d die.
If I never said I loved you,
now you know I d try,
Babe, now you know I d try.
Babe, now you know I d try,

Cmaj7 G
Babe.
