

(Chorus)

Feel like I m falling

Falling off the face of the earth

Feel like I m falling

Falling off the face of the earth

Falling off the face of the earth

Oh...

Feel like I m falling

Falling off the face of the earth

Falling off the face of the earth

Falling off the face of the earth

Feel like I m falling

Falling off the face of the earth

Feel like I m falling

Falling off the face of the earth
