

**Get Back To The Country**  
**Neil Young**

( B )

When I was a younger man

Got lucky with a rock n roll band

Struck gold in Hollywood

All that time I knew I would

Refrão:

**F#**

Get back to the country

**A**                                **E**                                **B**

Back where it all began

**F#**

Get back to the country

**A**                                **E**                                **B**

Back in the barn again.

( B )

Now when we hit the road

Big buses and trucks unload

After the curtain falls

Load up and then we all

**F#**

Get back to the country

**A**                                **E**                                **B**

Back where it all began

**F#**

Get back to the country

**A**                                **E**                                **B**

Back on the road again.
