Human Highway
Neil Young

```
        G#      C#9
I come down
                G#          Fm
from the misty mountain
      Eb       C#
I got lost
            G#        C#9 G#
on the human highway
         G#        C#9
Take my head
            G#            Fm
refreshing fountain
        Eb         C#
Take my eyes
             G#         C#9 G#
from what they ve seen.
         C#
Take my head
              Eb       Eb4 Eb
and change my mind
 G#
How could people
    C#
get so unkind.
```

        G#      C#9
I come down
                   G#          Fm
from the crooked mansion
        Eb        C#
I went lookin
             G#         C#9 G#
for the D.J. s daughter
          G#        C#9
Since that day
            G#          Fm
I heard it mentioned
      Eb     C#             G#        C#9 G#
That my name is on the line.
           C#          Eb        Eb4 Eb
Now, my name is on the line
 G#
How could people
```

get so unkind.
