Human Highway
Neil Young

```
        F#        B9
I come down
                F#          Ebm
from the misty mountain
       C#        B
I got lost
              F#        B9 F#
on the human highway
          F#        B9
Take my head
              F#          Ebm
refreshing fountain
         C#         B
Take my eyes
                F#        B9 F#
from what they ve seen.
          B
Take my head
            C#        C#4 C#
and change my mind
 F#
How could people
     B
get so unkind.

( C#  C#4  C#  C#4  C# ) (2x)

( F#  B9  F# )

        F#        B9
I come down
                    F#          Ebm
from the crooked mansion
        C#        B
I went lookin
                F#        B9 F#
for the D.J. s daughter
          F#        B9
Since that day
             F#          Ebm
I heard it mentioned
       C#     B            F#        B9 F#
That my name is on the line.
          B        C#        C#4 C#
Now, my name is on the line
 F#
How could people
```

     B
get so unkind.
