В
                        G#m
                                             F#
   I m living with war every day,
                        G#m
                                                       F#
В
   I m living with war in my heart every day,
В
                       G#m
   I m living with war right now.
                                               F#
в
   And when the dawn breaks I see my fellow man,
                                          F#
В
                                                              E
                                                                         В
   and on the flat-screen we kill and we re killed again.
                                                               В
   And when the night falls, I pray for peace,
                   F#
                              E
   try to remember peace.
В
                                  F#
   I join the multitudes,
                              I raise my hand in peace,
В
                                                              В
   I never bow to the laws of the thought police.
                                                           В
   I take a holy vow
                            to never kill again,
                  F#
                        E
   to never kill again.
В
                        G#m
                                       E
                                              F#
   I m living with war in my heart,
                        G#m
                                                          F#
В
   I m living with war in my heart and my mind,
В
                        G#m
   I m living with war right now.
В
                                           F#
   Don t take no tidal wave, don t take no mass grave,
В
                                                 F#
                                                                      E
   don t take no smokin gun to show how the West was won.
   But when the curtain falls, I pray for peace,
   try to remember peace.
В
                                         F#
