We ve been through some things together,  
Bbm                    F#                    G#  
With trunks of memories still to come.  
C#                    G#/D                    F#                    C#  
We found things to do in stormy weather.  
Bbm    G#                    C#  
Long may you run.

C#                    G#/D    F#                    C#  
Long may you run, long may you run,  
Bbm                    F#                    G#  
Although these changes have come.  
C#                                    G#/D  
With your chrome heart shinin  
F#            C#    Bbm    G#                    C#    F#    A   C#  
in the sun, long may you run.

Well it was back in Blind River in nineteen sixtytwo  
Bbm                    F#                    G#  
When I last saw you alive.  
C#                                    G#/D                    F#                    C#  
But we missed that ship on the long decline.  
Bbm    G#                    C#  
Long may you run.

C#                    G#/D    F#                    C#  
Long may you run, long may you run,  
Bbm                    F#                    G#  
Although these changes have come.

in the sun, long may you run.

Bbm                    F#                    G#  
With those waves singin Caroline.  
C#                    G#/D                    F#                    C#  
Rollin down that empty ocean road,  
Bbm                    G#                    C#  
Get into the surf on time.

Long may you run, long may you run,
