

**Lookin' For A Leader**  
**Neil Young**

( )

**Intro: Em**

**Em** **G** **Em**  
Looking for a leader to bring our country home  
**G** **D** **Em**  
Reunite the red, white and blue before it turns to stone  
**C** **G** **D**  
Lookin' for somebody young enough to take it on  
**Em** **D** **G** **Em**  
Clean up the corruption and make the country strong

Walkin' among our people there's someone who's straight and strong  
To lead us from desolation and a broken world gone wrong  
Someone walks among us and I hope he hears the call  
And maybe it's a woman or a black man after all

Maybe it's Obama but he thinks that he's too young  
Maybe it's Colin Powell to right what he's done wrong  
America has a leader but he's not in the house  
He's walkin' here among us and we got to seek him out

Yeah we've got our election but corruption has a chance  
We got to have a clean win to regain confidence  
America is beautiful but she has an ugly side  
We're looking for a leader in this country far and wide

**Em** **D**  
**Em**  
We're looking for a leader with the Great Spirit on his side  
**Em** **D** **Em**  
Looking for a leader with the Great Spirit on his side  
**C** **G** **D**  
Someone walks among us and I hope he hears the call  
**Em** **D** **Em**  
And maybe it's a woman or a black man after all
