D A D

Old ways can be a ball and chain

(same chords for all the verses, it seems)

Well I m gonna stop that grass

and give up all this drinkin

really gonna make my life last

clean up my whole way of livin

up until the party last night

I was a different man

But old ways got the way againEconomy was gettin so bad

I had to lay myself off

but workin was a habit I had

so I kept showin up anyway

Then one day things turned around

I got my back pay

Old ways coming through againI got old ways

I got old ways

Old ways

I got old ways

[illegible]
