**D**  
This old guitar ain t mine to keep  
**D** **G A**  
Just taking care of it now  
**D**  
It s been around for years and years  
**D** **G A**  
Just waiting in its old case  
**D**  
It s been up and down the country roads  
**D** **G A**  
It s brought a tear and a smile  
**D**  
It s seen its share of dreams and hopes  
**D** **G A**  
And never went out of style  
**D**  
The more I play it, the better it sounds  
**D** **G A**  
It cries when I leave it alone  
**D**  
Silently it waits for me

**D** **G A**  
Or someone else I suppose

**D** **G A**

This old guitar

This old guitar has caught some breaks

**D** **G A**  
But it never searched for gold

**D**  
It can t be blamed for my mistakes

**D** **G A**  
It only does what it s told

**D**  
It s been a messenger in times of trouble

**D** **G A**  
In times of hope and fear

**D**  
When I get drunk and seeing double

**D** **G A**  
It jumps behind the wheel and steers

**D**  
This old guitar ain t mine to keep

**D** **G A**  
It s mine to play for a while

**D**  
This old guitar ain t mine to keep

**D** **G A**  
It s only mine for a while
