G#   G#   Eb
When I woke up you were gone
        C#   G#
and the sun was on the lawn
                              Eb
Empty pillow with perfume on
    C#
I smelled it

G#   Eb
Well we met in my favorite bar
      C#   G#
took a ride in my old car

But I still don t know how
Eb   C#
We made it home

G#   C#/G Eb7
Was I too far gone
C#(addD) **G#**
too far gone
    C#/G Eb7   C#
too far gone for you?

G#   Eb
We had drugs and we had booze
        C#   G#
But we still had something to lose

```
                Eb    C#          G#
And by dawn I wanted to marry you
                            Eb
With our attitudes by day
        C#                      G#
And our secret dreams by night
                          Eb          C#
Can we really live our lives that way

G#          C#/G Eb7
Am  I too far gone
C#(addD) G#
too far gone
    C#/G Eb7          C#
too far gone for you?
