VERSE:

I can see the sun,
sitting by my own front door,
Used to see a better life,
brighter things but none no more,

Things that are rapidly,
changing in my life and so,
Now that someone isn't here,
I have nowhere else to go,

CHORUS:
E* D A B
I don't want to be here anymore,
Forget the things you wanted me for,

VERSE:
The last thing I need,
Is to be alone with my thoughts,
Trying to ignore,
opportunities I never caught,

Used to see the sun,
sitting by my own front door,
Used to see a better life,
don't see nothing no more,

CHORUS:

I don t want to be here anymore,
Forget the things you wanted me for,
I don t want to be here anymore,
Forget the things you wanted me for,

BRIDGE:

The way I feel makes me think of things,
I don t like,
Tearing up my mind again,
It doesn t seem right,

CHORUS:

I don t want to be here anymore,
Forget the things you wanted me for,
I don t want to be here anymore,
Forget the things you wanted me for
