

Yodel

Nellie McKay

G **C**
Standing in the break of a yawn
G
Where you done left me alone
D
There s nothing happening to hide

G **C**
Sitting in the shade of the lawn
G
As everybody goes home
D
There s nothing left here to find

C **D**
Standing with my back to the wall
G **Em**
Minding the sky as it s falling all around me
C **D**
Listening for a break in the rain
G **D**
For it s not drowning my pain anymore

G **C**
Standing in the shade of a yard
G
Where everybody works hard
D
And everybody is dying
G **C**
Walking up the town boulevard
G
Where I m found out as a fraud
D
And there s nobody who s buying
