Hello my friend, it sure has been a while
I don t know where the time has gone,
        F#7
but I ve really missed your smile
              Е
It s been too long
     C#m
I got so much to say,
       C#m7M
that I don t know where to start
Ever since we went our separate ways
               F#7
There s been a big hole in my heart
                 E/G#
(But) as I recall, it was you that said goodbye
             F#7
Now you re asking me to give it one more try
          E
                    C#m B
Well only time will tell
If you re gonna stand beside me
             E
through both heaven and hell
I wanna know that you re behind me
        G#m
                   Α
But only time will tell
If what we have together s
      в7
                   C#m
gonna last forever more
                   C#m7M
And so my friend, I hope you understand
It s hard to put my trust in you
           F#7
Cause I m afraid you ll leave again
