say manchild, you re no-one, I turn the microphone on  
control communication when I m kicking it and so on  
to the point where I need air that I breathe  
and to annoy the instance, waiting and ecstatic to receive  
for the meantime, another mirror  
I keep on saying it, I know what the time is and the crowd will  
keep on playing,  
through these beat boxes, loud s my diagnosis  
coz I believe in miracles and words in heavy doses  
enough r.e.s.p.e.c.t, respect himself express, no stress  
remark is easy just believe that all you need is the air that you  
breathe (turn around and ask yourself, x 2)

[rap2]

why dont you find me again, just take it in, right

and go tell your friends

are you ready for the words, I ll turn the microphone on

a figure of speech to reach you at the back

and so on this style

I m stimulating dancefloors, raise your body temperature now

and this demands for power in the amps, you know loud s my diagnosis  
coz I believe in miracles, words in heavy doses
