Never ever leave my side

If the sun never rose again

The moon will light the way, my friend

In the dark

We are electric hearts

[Verse 2]

I use to feel so stuck
In my head, I was breaking
I keep my secrets close
And never tell anyone
If you can dream all day
And coexist with living
My baby...
I d dream of us and all the battles we ve won

[Chorus]

[Bridge]

C#m	G#m	A
Life is the risk you take		
C#m	G#m	A
Life is the love you make		
C#m	G#m	B
Love is the great escape		

[Weird talking part]

[Chorus]
