Am **G**
Blown off was my power " and murdered my peace
Am **G**
It thundered in darkness: and if you had faith
F **C, Em**
To move even mountains
F
It profits you nothing
C **Em, G**
When stony and cold is the heart

Am, Em

G **Am, Em**
New Year's Morning
G **C** **F, C**
New Year's Morning
Em **F, C**
New Year's Morning

Em, G

Am **G**
Then misery taught me " in midwinter's chill
Am **G**
That light without warming " is torment of hell
F **C**
To struggle I wanted
Em **F**
Towards love's very fountain
C **Em, G**
Myself I d wish to transform

Am

Wher darkly from mountains â€" a thundering sound
Ascends with much power â€" from song of the old
Where tones fully bustle â€" with roar over field
As torrents do weiter â€" in dale of the cliffs

F C, Em

Just there felt belonging
My heart which when speaking

F C Em, G

Like roar, was an echo in stone

New Yearâ€™s Morning

F C, Em

Sing low over forest

F

Sing high over water:

C Em, G

Godâ€™s peace over people of the north

Am, F#

F G Am, F#

New Yearâ€™s Morning

F G

New Yearâ€™s Morning
