

Butterfly

Nerina Pallot

C **G**
I, I had a butterfly
Am **F**
I had a sense of something in my heart and then it died
C **G**
It s true, and it reminds me of you
Am **F**
It reminds me of places I have been just passing through

Dm **F** **C**
Pale as the moon I ll always want your name

C **G**
Cos pain, we all have pain
Am **F**
we all have something of our past that still remains

CHORUS:

G **F**
If you really really can t let go
C **G**
Start no fire, start no fire
G **F**
If you really really can t let go
C **G**
Start no fire, start no fire

Dm **F**
Just be as pale as the moon

C **G**
Cos you, what can you do?
Am **F**
When the strangeness of these times they get to you ohhhh
