1 2 3 4 5 they ve got love and knives
And they are sharp - sharper and sharper
To bring what is not come, do what is not done
Well that is hard, and it gets harder and harder.
Oh like a whore unpack my heart
for the dogs to tear apart

Insane! Give me myself again
Make me a hurricane
And I will dissappear
In the light of day, give me mine back again
Make me a hurricane
Coz everything s illuminated!
