For You I Would
Nerina Pallot

```
F#          C#    C#/B                    D#m
Don t be sad, I m gonna tell you a story
F#              C#    C#/B                        D#m
Nothing can be so bad, if you would just listen for me
      G#                G#m      C#
These things I do, I do for you.
F#              G#m                    F#/C#
I ll pull the stars down from the sky for you
B           C#                D#m
I ll catch a rainbow if you re feeling blue
B        F#           G#
Make every day forever, if I could
     G#m   C#     F#
For you   I    would.
           D#m    C#     F#
Ohh, for you,   I    would.

F#          C#      C#/B                 D#m
So why the tears? When all of life is illusion.
F#                  C#    C#/B                   D#m
When beauty first appears, it shrouds itself in confusion.
G#                      G#m        C#
My friend in need, I ll make you see.
F#              G#m                    F#/C#
I ll pull the stars down from the sky for you
B           C#                D#m
I ll catch a rainbow if you re feeling blue
B        F#           G#
Make every day forever if I could.
     G#m   C#     F#
For you,   I    would.
           D#m    C#    F#
Ohh, for you,   I    would.

G#                          G#m
And all of the things you see
     F#         F#/F         F#/E       F#/D#          B
You don t understand what they are but you know what they mean

F#              G#m                    F#/C#
I ll pull the stars down from the sky for you
B        C#                    D#m
I ll catch a rainbow if you re feeling blue
B        F#           G#
Make every day forever if I could.
     G#m   C#     F#
```

```
For you,    I    would.
          D#m        C#      F#
Ohh, for you,    I    would.
          D#m    C#     F#
Ohh, for you,  I    would.
          G#m    C#     F#
Ohh, for you,  I   would.
          D#m    C#     F#
Ohh, for you,  I   would.
