**G G**

**D Dsus4 D G**

Like children stuck in a museum.

**G**

And I m dry now.

**G G**

My mouth will not speak, I m weary and weak

**D Dsus4 D G**

And I only wanted to see you again.

**D G G**

If that s unfair, just let me know,

**D G G**

Just write it down, and then I ll go.

**C**

But you skate around my human skin

**Cm**

An apple where your throat begins

**G G**

Just say...

**D**

Just tell the stars to give a sign,

**D**

Put it in a bottle...

**D**

Say you re mine.

**G G G G**

**G G**

And it s better, better than music,

**G D**

Better than words to be with you

**D Dsus4 D G**

But better that we re apart.

G

G

Can t you feel it?

G G D

It s taken me over, left me for dead like Ophelia.

D Dsus4 D G

Who knew a prince and survived?

D G G

And so I ask in every line

D G G

That I might learn of your design

C

But you skate around my human skin

Cm

Just say...

Just tell the stars to give a sign,

D

Put it in a bottle...

D

Say you re mine.
