

Vena Cava
Nerina Pallot

INTRO: **Em D Bm G**
Em D G

Em **G** **G A**
It s love, not manners, maketh man
Em **G**
And truth wins hearts, not sleight of hand
G A D
But what good will it do?
(D) **Em Bm**
When the world will sing a different song
G A D
And no one knows the words
(D) **Em Bm**
So you sing along in silence
G A
And silently you hurt

Em D Bm G (A)
Vena cava, vena cava, in the end we re all the same
Em D Bm G
Only feeling, only feeling flowing through our veins
Bm G Bm G A
And it s beautiful, it s beautiful
Em D Bm A
Everything that s wrong will soon be right again

If you can t speak of what you ve seen
Was it too much for you to feel?
Do the senses not make sense
When these empires are magnificent?
But all things fall apart
And I once more get out a miracle
A breath to stop the heart

Vena cava, vena cava, in the end we re all the same
Only feeling, only feeling flowing through our veins
And it s beautiful, it s beautiful
Everything that s wrong will all right again

Em D
Vena cava, vena cava
Em D
Spill the blood and mourn it after
Em D

Time will heal and so will laughter

Bm A

But life is strange

Em D Bm G A

Vena cava, vena cava, in the end we re just the same

Em D Bm G

Only feeling, only feeling flowing through our veins

Bm G Bm G

And it s beautiful, life is beautiful,

Bm G

it s beautiful

Bm G

Life is beautiful when you least expect,

Bm G

Life is beautiful when you think it s not

Bm G

Life is beautiful when you wanna cry

Bm G

Life is beautiful when..

Bm G A

It s beautiful

Em D Bm A

Everything that s wrong will all be right again
