

Arms So Real  
Neutral Milk Hotel

**Eb Ab**  
Ahhh Ahh

**Eb**  
Hold it into arms so real  
**Ab**  
There is something we can feel  
**Eb Ab**  
Life s not horrible all the time  
**Eb**  
Smokes and cups and words of rhyme  
**Ab**  
Dripping ceiling, lemon lime  
**Eb Ab**  
I love you, and that s all I have to say

**Eb**  
Eyes of grey and pavement green, wrap your arms around the scene  
**Eb**  
Take your love and hold it close the slightest suggestion  
**Eb**  
Eyes of grey and pavement green, wrap your arms around the scene  
**Eb**  
Take your love and hold it close the slightest suggestion

**Eb Ab**

**Eb**  
Spinning slightly round  
**Ab**  
My head hits the ground  
**Eb**  
A seed pops out, grows a thought  
**Ab**  
And descends unto you

**Eb Ab Eb Ab Eb**  
With love, with love, with loooove, with love
