

**Circle Of Friends**  
**Neutral Milk Hotel**

This is an easy song to play, and it s really fun :)  
its standard tuning and the chords are just Am, C and G.  
the strumming pattern is easy if you just listen to the song.  
here we go !

**Am, C, Am, C**

**Am**                    **C**                    **Am**  
Greet all your friends and they say hello  
**Am**                    **C**                    **Am**  
They tie all your ends until they tie  
**Am**                    **C**                    **Am**  
Yourself in again into something whole  
**Am**                    **C**                    **G**  
Something secure and lost inside

**Am**    **C, Am, C**  
I imply I m away

**Am**                    **C**                    **Am**  
All of the forces we uphold  
**Am**                    **C**                    **Am**  
And all of the dangers we escape  
**Am**                    **C**                    **Am**  
You wonder sometimes how long we ll hold  
**Am**                    **C**                    **G**  
Till all of this anger shows its way

**G**  
We embrace  
**E**  
Away  
I m OK  
I m OK  
I m OK

**Am, C, Am, C**

**Am**                    **C**                    **Am**  
There are just some things we can t know  
**Am**                    **C**                    **Am**  
There are just some things you can t face  
**Am**                    **C**                    **Am**  
But I will secure myself in blue  
**Am**                    **C**                    **G**  
and get this disease that you embrace

**G**

Embrace

**Am C, Am, C**

and wait

**Am C Am**

And beginning again takes so much time

**Am C Am**

And all of your friends come to watch you go

**Am C Am**

And as your machine pulls from the drive

**Am C G**

You watch as their empty artics flow

**G**

Flow and blow

**E**

Flow away

Away

Away

I m OK

I m OK

**Am, C, Am, C, Am, C**
